

New Bern Leadership Application 2018

Leadership

Leadership is the most important component of a successful organization. Therefore we take great strides to select the most qualified individuals for leadership positions. Make sure that you are aware of the responsibilities that will be required. Also, make sure that you want to be a leader for the right reasons. ***In order to apply, all financial commitments to the band should be current or in the process of being paid off.***

Expectations

- ✓ The leaders are expected to be the first students to arrive and the last to leave.
- ✓ Some leaders are born. However, most people are taught to lead
- ✓ Leadership is a 24/7 job, not just a title. Behave the way that you want your band mates to behave.
- ✓ Commitment to the total band program is essential. Consistent enrollment in both semesters of band or guard is expected.

Leadership Positions

Drum Majors

The drum major is the field commander of the marching band and the highest ranking student leader. This leader oversees all other leaders and students, as well as delegates minor tasks. This student should be prepared to attend a leadership camp in June (reimbursed by booster club.)

The drum major conducts the marching band for the pre-game, half-time, and stands tunes. In the absence of the director, the drum major conducts and instructs the band. This student also notes attendance during rehearsals.

Duties include starting rehearsals on time, maintaining discipline, communicating with the band director, and assisting sections leaders. The drum major should be at every event, being the first person to arrive and last to leave.

Section Leaders and Squad Leaders

Section leaders are responsible for aiding in the teaching of drill, marching, and music. The section leader work in close relationship with the Band Director and Drum Major in order to maintain band morale and musical precision. These students also learn all of their music in order to present good models to other students. Section leaders will also make sure band students are held accountable for missing rehearsal items and offenses.

Section leaders will be responsible for setting up appropriate sectionals in advance and passing off required music and marching basics. These student leaders are also expected to work with other members of the leadership counsel on social events that will boost band camaraderie and stay in contact with other members of the band to keep them informed about band related activities and events.

Sometimes larger groups warrant having extra Squad Leaders. These are assistants to the section leaders who help set drill, teach marching technique, and work with individuals on music.

All leaders will share duties such as field preparation and clean-up.

Available Section Leader Positions (pending applicants)

Drum Major(s)
Flute
Clarinet
Alto Saxophone
Low Reeds
Trumpet
Mellophone
Trombone
Baritone
Tuba

This process, although extensive, will make you a better leader and person. Even if you do not receive your desired position, you will still play a very important role in the success of this program. **Positions will not be selected through seniority.** but by best qualifications. If you need anything, do not hesitate to ask me.

Good luck!
